

"Love is family"

Supplies:

13" white square, 9" lt. blue square, 12" pink square
DMC #3685 #3687, fusible interfacing, cardboard

Center and trace the wording, stitch with 2 strands floss #3685 using back stitch. Fold cardboard (manila file) in half, trace heart shape. Cut inside and outside. Do not discard the inner heart shape. Trace scalloped heart shape onto fusible interfacing. Adhere to wrong side of pink fabric, cut scalloped heart shape out. Center inside heart shape over stitching, very lightly trace 1/4" around outside of heart. This quarter inch will be under the fused heart. Fold white square to determine center and place the stitched piece in the center. Remove back of interfacing, position scalloped heart over stitched piece, certain to have blue fabric under the pink fabric. Fuse in place. Buttonhole applique around unfinished edges with #3687. Square finished block to 12-1/2".
